Wednesday, March 23, 2011

Dear Dato,

On behalf of United Nations Environment Programme (UNEP), and in particular the Division of Communication and Public Information (DCPI), I would like to extend our appreciation to you and your team for the support and cooperation that you extended to us during the 26th Session of the UNEP Governing Council/ Global Ministerial Environment Forum (GC26/GMEF).

With your support, GC26/GMEF was a very successful conference, which has laid the foundations for making further progress in the environmental agenda as UNEP prepares for upcoming forums, including World Environment Day on 5 June, the UNFCCC 17th Conference of the Parties (COP17) in Durban in November, and ultimately the Rio+20 conference in June 2012.

UNEP will be maintaining a strong strategic focus on the green economy, and in particular on environmental, social and economic impacts, in the lead-up to the RIO+20 conference. Building on the progress we have made already, we look forward to working with you again to maintain momentum in achieving key global environmental priorities, as we move together towards a sustainable future. We would invite you to contact us directly with any proposals you may have for future collaboration.

With many thanks and kind regards,

Stuart Roberts
